gibsonpharmacysevenpoints.com

my theory is it effects short term memory, but not long term

markpillen.com

i don't know if this is true or not but i read that dogs only point out drugs once instructed to so unless you're high af doing stupid shit or obviously dealing drugs i.e

lcdrug.com

whereas people used to spend 46 of their internet time communicating in 2003, in 2009, that number is now down to 27

dentists.healthprofs.com

the parents are considered to hold the main responsibility for teaching their children good behaviour.

organichealthadviser.com

today bloggers publish only about gossip and web stuff and this is really frustrating
